Grant Project Name	Grant Request \$ <i>(Maximum request = \$10,000 per year)</i>

## Purpose & Use of Grant Funds

- 1) Describe proposed project including goal, project delivery and proposed outcomes. Why are grant funds are needed?
- 2) How will the funding will benefit the credit union and its members?
- 3) How will this project contribute to your credit union's growth?
- 4) How will you measure success?
- 5) How will grant funds be used? Be as specific as possible; include dollar amount for each requested item, attach copies of proposals, estimates and/or partnership agreements if available.
- 6) What is the total budget for the project and how much money is your credit union investing?
- 7) If the project does not receive ICUF grant funds, how will your credit union address this issue/need?
- 8) How will this project continue in the future? Will credit union provide ongoing funding? Are future grant funds needed?
- 9) Does your credit union serve marginalized populations? If so, provide details on these groups and how project will impact them.
- 10) Financial Assessment of Credit Union - ICUF will include information available on NCUA or ASI website regarding your credit union's financials in the grant review packet. If you have any comments to share with the grants committee, please include them below.
- 11) Is your credit union considering a merger during the next 18 months?
- 12) Are there any partner organizations involved? Please provide organization name, contact person with email address & phone number, organization website. Describe partner organization's role in project.
